Mystic messenger 707 endings

Is it next to finish it worth it? Or should I just unlock the two ends of his secret? Or both? I'm still short on HGs and I also want to save up for Valentine's DLC. Almost done with his way and aiming for a good ending. A 707 Mysterious Messenger marketplace ensures you get the Good End – and unlock the more mysteries and secrets of this much-yered story. This Mystic Men's Guide page provides details on how to successfully complete Route 707. It starts on Day 5, so you'll need to have yourself on Route 707 by playing 1-4 days in Deep History mode. It's absolutely choice-to-block and spoiled, so you can prefer to click away and check out the full 707 Messenger Road Chat Times schedule instead. If you're still with us, below you'll find a full list of finished 707 routes and details on how to find them. Scroll down past the image below for the full day 5 up to 11 707 highway routes. Similar to other Mystic Messenger characters, Route 707's offers several ends. Here's the outage: 707 Normal End: reach the end with 0-9 opened RSVP emails. 707 Good End: Reach the end with 10 or more open RSVP emails. 707 Bad Story End 1: Choose correct answer (blame 707 for the security issues) on the day 7 branch. 707 Bad Story End 2: Select correct answer in the day 7 branch, then switch to correct answer (ignore 707's emotional problems and personality changes, keep them played and fueled) on the day 9 branch. 707 Bad Story End 3: choose correct answer in the 9 branch day, then switch to correct answer (skeptics 707, side with Saeran, insist on going to the holiday) within the 10 branch days. 707 Bad Relationship Ending 1: Score below chat 30% involvement or win more than for another character than 707 on Day 5 up to 7. 707 Bad Relationship Ending 2: Spend the day 9 branches, but score below 30% chat participation or have more hearts for another character than 707 on Day 7 up to 10. Judicial use in saving can help you get all these down with just one visit to Route 707. You'll need to reload save four times, so it will cost you 20 HG in total. Make sure you understand the policies for reading saves before you do so! Here's the most efficient method: Do not open RSVP emails (recipients you receive after three correct replies). Be a manual saved after arriving 5 days, then achieved Bad Relationship End 1. Reload your save and achieve Bad Relationship End 2. Reload your save, progress to the Point 7 branch, make a second save, then achieve Bad 2 Stories. Reload your second save, then realize Bad Story End 3. Reload your second save, then achieve Normal End. Reload the second you saved, open all your RSVP emails, then achieve Good End. The bottom market suggests answers leading to the good end of 707. Make us aware if you'd like more guidance as answers lead to bad endings. Subscribe to the VG247 newsletter to get all the best bits of VG247 in your inbox every Friday! Just as a reminder, bear in mind that you don't have every cat's action to reach good at completion – just try to hit as much as you can. Unlike the common way of days earlier, each cat along Highway 707 after the Day 4 branch offered chance to earn that of his hand.
